Subject: Logbook numbering

Dear Elene,

....

Also I would like to inform you that Estonian logbooks for 2008 have the following numbering:

1. In the upper right corner there is printed a six-digit number (for example 000595).
2. In the center of the logbook there is handwritten four-digit number (for example 0595).

We kindly ask you to inform the Member countries accordingly in order to avoid problems with control authorities.

Attached please find an example of Estonian logbook.

Kind regards

Ermo Perolainen
