

Survey on Manager and Driver training and delivering CPC Manager and CPC Driver in compliance with Quality Charter Requirements in ECMT Member countries

Country: GERMANY

	2019	2020	2021	2022
CPC Driver				
Goods transport and Passenger transport

Periodic training				
Total	approx. 200.000	approx. 200.000	approx. 80.000 + 120.838	190.637
CPC Manager				
Goods transport	1.964	1.769	1.930	1.881
Passenger transport	303	265	248	497

Other useful information:

The figures for 2019 and 2020 are estimates, since an exact evaluation using static methods was technically not possible. Evaluations can only be collected since the start of the national professional driver qualification register in mid-2021. The figures reflect the number of German driver qualification cards issued. A distinction between goods transport and passenger transport as well as initial and periodic training is currently not feasible for technical reason.

The German driving licence authorities issue the driving qualification card.

No	Training Institution's Name and address, incl. website	Drivers	Managers	Exam	CPC

* - Please indicate YES or NO in the appropriate boxes if the institution trains drivers, managers or both, if it offers examinations, delivers the CPC.

Other useful information:

Germany decided to not impose training prior to the examination for the CPC Manager. Regardless, there are numerous private providers who offer training in preparation. Data on this are not available.

In Germany, there are about 3.000 recognised training centres that offer training as part of the accelerated initial qualification or periodic training for professional drivers. However, they do not take any examinations, nor do they issue the driver qualification card. The responsibility for the recognised training centres lies with the federal states.
