

**Notification by Republic of Slovenia
on
New Road Toll for vehicles above 3.5 tonnes (TPLW)**

From **1 April 2018**, the Republic of Slovenia will apply an electronic tolling for vehicles whose maximum permissible laden weight (TPLW) is **above 3.5 tonnes**. Drivers of vehicles with the maximum permissible weight above 3.5 tonnes will need to equip their vehicle with the **DarsGo unit** before entering the highway network. Detailed information including the instructions for using the system is available on **the DarsGo website** (<https://www.darsgo.si/portal/en/home>)
