Dear Mr.Secretary General,

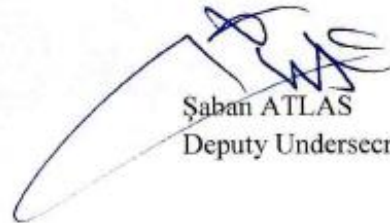

We herewith declare that the Republic of Turkey is compliant with the requirements of the Quality Charter for international road haulage operations undertaken under the ECMT Multilateral Quota.

Compliance with the Quality Charter is usually achieved through the annexed national legislation which is applied to all national and international road transport hauliers.

As a candidate country to the EU, the *acquis communautaire* on road transport of the European Union is in force in Turkey since 2004.

The checklist submitted with this statement of compliance details the laws and/or administrative processes implemented to ensure that the provisions of the Charter in the country are met by Turkish hauliers of the ECMT licenses.

Your faithfully

  
Şaban ATLAS  
Deputy Undersecretary
